

PresRN

Presbyterian Health Plan members have access to PresRN, a nurse advice line available to you 24 hours a day, 7 days a week, including holidays. There is no charge to call our experienced registered nurses (RN) for answers to your questions and health concerns. As always, if you are having a medical emergency, please call 911.

What is PresRN?

PresRN is an easy way to speak with a Presbyterian nurse if you are not feeling well and do not know what to do. Just call the phone number for your health plan and one of our qualified nurses will listen to your health concerns and give you the answers that you need to care for you and your family. Our Presbyterian nurses are happy to answer general health questions when you are healthy too.
