Maintenance Choice

With Maintenance Choice, medications you take regularly (such as diabetes, asthma or high blood pressure medications) can be filled in 90-day supplies through an in-network pharmacy.

You can choose pickup or Rx delivery by mail – either way, the cost is the same

90-day supplies are more convenient and usually cost less

If you fill prescriptions for medications taken regularly at any other pharmacy, or in 30 day supplies, you will have to pay a higher copay.

CVS Specialty and PrudentRx

Pay \$0 for specialty medications with PrudentRx

New Mexico is working with PrudentRx to reduce your out-of-pocket costs for specialty medications to \$0

- ✓ Pay \$0 for any medication on your plan's Exclusive Specialty Drug List for as long as you're enrolled – even if there is no copay program available
- ✓ PrudentRx works with manufacturers to get copay assistance for your medications
- ✓ PrudentRx handles all the details for you — no need to worry about renewals or expiration dates

Watch your mailbox for more information. Your enrollment in the program will be started automatically, but some additional steps may be required.* You can choose to opt-out at any time. If you opt-out, you'll have to pay 30 percent of the cost of your medication

Please note: the amount paid for your medication by manufacturers is not applied to your deductible/MOOP.

*Some manufacturers require you to sign up to take advantage of the copay assistance that they provide for their medications—in that case, you must call PrudentRx to participate in the copay assistance for that medication. PrudentRx will also contact you if you are required to enroll in the copay assistance for any medication that you take. If you do not return their call, choose to opt out of the program, or if you do not affirmatively enroll in any copay assistance as required by a manufacturer, you will be responsible for 30 percent of the cost of your specialty medications.

Thank you

Legal disclaimers

Products that qualify as preventive services may be available at a lower cost share or no cost share, depending upon your plan, and may change from time to time. Please check your plan benefit materials should you have any questions about your coverage.

Flu shots and vaccines may not be available in all pharmacies at all times. Call for availability and to make an appointment, if needed. Most vaccines require a prescription (except for the flu shot). Contact your medical carrier directly to find what vaccine benefits are available at other medical facilities such as a doctor's office, urgent care, etc.

Certain drug options identified above may be subject to additional prior authorizations or other plan design restrictions. Please consult your plan for further information.

Copayment, copay or coinsurance means the amount a plan member is required to pay for a prescription in accordance with a Plan, which may be a deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a Plan.
